Dear Mr Pandey,

Sub: A Note of thanks and appreciation

We are pleased to share with you that the starch plant erected and commissioned under your technical consultancy has reached 110% production capacity. The quality of the products is very well accepted in the market and we are getting good feedback. We would also like to mention that the steam and power efficiency of the plant is high. We appreciate the hard work put by you in ensuring the results by your constant monitoring and regular follow-ups with our team. Your updated knowledge in the field of starch is commendable and we thank you for the good results shown.

Yours Sincerely,

Ananda Swaroop Adavani,
Director.
